Assembling & Care

Bath panel for full or half bath panel delivered with end panels preinstalled. Front panel and concealed profile are then assembled into a frame. The frame is adjusted horizontally with the adjustable feet. The bathtub, which is equipped with damping/friction material under the corners, is lowered into the frame. The plastic drainpipe is cut and connected to the floor drain. Installation instructions are included.

Energy labeling and certifications

• The product follows AMA recommendations & SS-EN 232 CE approved
