Packaging information

Length: 680 mm | Width: 358 mm | Height: 1010 mm
Weight: 34.5 kg
Weight: 1 pc

Assembling & Care

Mounted with bolts directly on the wall. Washers, bushings and nuts included (M12) but not bolts. Bolt projection from finished wall must be 60 ± 2 mm. Rubber bellows for waste pipe connection included. See supplied installation instructions and mounting kit for each toilet. Triomont fixture for wall hung toilet and bidet RSK 382 57 56, is recommended for installation on weak walls. Clean the porcelain often to prevent dirt and limescale deposits forming. If your regular detergent does not give the desired result, try citric acid or tartaric acid. Wipe/rub the damp surface dry and rinse thoroughly. Remove limescale deposits with household vinegar. Abrasive cleaning agents must not be used. Never use abrasive detergents. They damage the glaze over time. And never use strongly alkaline, lye-based blockage removers that can damage the porcelain surface and harm the environment. For WC bowls stored in unheated areas, the cistern should be emptied and wiped dry. Pour about 4 dl of antifreeze in the water trap. Use an environmentally-friendly product.
