Packaging information

Length: 465 mm | Width: 405 mm | Height: 565 mm

Weight: 26 kg

Weight: 1pc

Assembling & Care

To be mounted on bolts directly to the wall. Installation kit included. See the accompanying installation instructions. Clean the ceramic often to prevent dirt and limescale from sticking. If the regular cleaning product doesn't have the desired effect, you can use Pharmacy's citric acid or tartaric acid. Remove limescale stains with regular household vinegar. Never use abrasive cleaning agents, as they can damage the glaze over time. Also avoid using strongly alkaline, lye-based drain cleaners, as they can be harmful to both the porcelain surface and the environment. For toilets that will be placed in an unheated space, the cistern should be emptied. Pour approximately 4 dl of antifreeze into the water trap. Use an environmentally friendly product.
